13th June 2022

Dear Parents/Carers,

Year 5 - Riddlesdown Summer Computing Workshops

The Year 5 children have been invited to take part in a fantastic day of Computer Science Workshops at Riddlesdown Collegiate on Monday 27th June 2022.

The children will take part in six 50-minute workshop sessions on code and cipher skills that tie in with many of the curriculum units studied at Key Stage 2, whilst also providing a great platform to future learning at Key Stage 3. These activities will be delivered in a classroom environment by Computing and ICT teachers.

Your child will need to meet their teacher in the Junior Hall at **8.00am** promptly. The children and staff will then walk to Riddlesdown Collegiate for an 8.50am start. At the end of the day, the children can be collected from Atwood at **3.40pm**.

Your child will require a packed lunch (no sweets, nuts, chocolates, fizzy drinks etc.), which should be brought in a suitable NAMED lunchbox or bag. Children should bring a drink in a NAMED water bottle. **Full school uniform must be worn.**

If your child has a music lesson on this date, the instrumental teachers should be aware of this visit but cannot guarantee to make up the time. It is not always possible to make up or change all lessons and you will still be charged.

The cost of the workshop will be **£3.20** per child. Payment should be made via your School Gateway account no later than Monday 20th June 2022.

Yours faithfully,
The Year 5 Team

Head Teacher: Mr R Veale
